DNA Coloring & Complimentary Strand

Label and color the following parts of the DNA molecule

- Deoxyribose
- Phosphate
- Adenine
- Guanine
- Cytosine
- Thymine

Circle one complete Nucleotide

Which scientist first discovered DNA?

Draw the Hydrogen Bonds between the bases

A & T have _____ bonds between bases

G & C have _____ bonds between bases

Which scientists 'rules' tell us which bases pair up?

What is the name of the shape of DNA?

Which scientist(s) was the first to correctly identify the shape of DNA?

The Pyrimidines are:

The Purines are:
