### DNA: Give 'n Get

Think to yourself for a few minutes and then write (or draw) answers to the following questions:

Name a fact, idea, or concept that you remember most from this section:	Why is this information Important or valuable?

When instructed to, find a partner in the room, share one thing you learned and listen to one thing that they learned. If their piece of information is different from any of yours you have written to this point, write it in one of the boxes below, along with the name of the person who gave you that fact.
